PRODUCT CATALOG

#### **OUR COMPANY**

Audere is a Latin word which means
"to dare" and is the foundational principle
of this company based in San Marino,
where it has been established in 2017
as a manufacturer of firearm accessories.
Whilst design, engineering
and manufacturing of branded product series
is its core business, Audere built up
a considerable portfolio of customers
as an OEM, including major operators
of the arms industry, in less than two years.
Thanks to its multidisciplinary team
of professionals from both mechanical
and firearm fields, the company
is able to follow products development during

its entire process, in compliance
with project requirements.
Currently, main product series include optic
mounts, rail systems and muzzle devices,
nevertheless the R&D department
is continuously focused on progress, designing
and prototyping future series
by means of latest technologies.
Audere's customer base comprises a broad
spectrum of users coming from military forces,
law enforcement, shooting sports
and hunting. Customer service monitors users'
feedbacks in order to constantly improve
its own competencies and collect valuable
information for other departments.

#### **OUR VISION**

The redefinition of weapon improvement

#### **OUR MISSION**

- To impose the Audere brand as a major manufacturer in the market of firearm accessories
- To be a reliable partner for best operators of the arms industry
- · To improve existing standards via advancements from other sectors
- · To create a solid network of local suppliers, contributing to their growth
- To add prestige to the Italian quality and consolidate "Made in Italy" worldwide
- · To advise and educate customer base by means of events and activities

## ADVERSUS™

The Adversus™ series, compatible with any 1913 or NATO rail, is optimized for its use on sniper rifle platforms and target users from military forces, law enforcement and shooting sports. The ScopeLink™ interfaces, situated all over the base and caps, make it acts as a modular system configurable by attaching multiple optical accessories.

Each part is CNC machined from a single piece of 7075 aluminium, this allows us to keep tolerances which guarantee the best return to zero. Their design ensures required system's pressure and stability in all conditions to prevent any shift of the scope, without provoking its deformation or damage.

- · Extremely solid and durable mounts and rings
- ScopeLink™ interface for attaching optical accessories
- Designed to maximize zero repeatability
- · Compatible with any 1913 or NATO rail
- Manufactured from 7075-T651 aluminium
- · Finished with Type 3 Hardcoat anodizing

## **LEVITAS™**

The Levitas™ is a multi-purpose scope attachment ideal for auto and semi-auto rifles. Its compactness allows a wide range of mounting options. Despite its lightness, the mount can withstand the severest calibers thanks to a new, sturdy clamping system.

The mount also features our proven ScopeLink™ interface that allows the mounting of back-up sights both at the top and at 45 degrees, mantaining reduced dimensions.

The level vial and 20MOA tilting options make it suitable for long range applications.

- Sturdy, lightweight cantilever mounts
- Four ScopeLink™ interfaces for attaching optical accessories
- · Compatible with any 1913 or NATO rail
- Manufactured from 7075-T651 aluminium
- · Finished with Type 3 Hardcoat anodizing

## PSR™

The  $PSR^{\mathbb{M}}$  scope rings series is compatible with any 1913 or NATO rail and features a ScopeLink interface situated on one cap that allows the mounting of multiple optical accessories.

The GEN II improves overall reliability under stress conditions introducing recoil lugs and a new one-screw clamping system which speeds up the assembly.

- Lightweight and durable scope rings
- ScopeLink  $^{\!\scriptscriptstyle\mathsf{TM}}$  interface for attaching optical accessories
- Compatible with any 1913 or NATO rail
- Manufactured from 7075-T651 aluminium
- Finished with Type 3 Hardcoat anodizing

## PSR DOVETAIL™

The PSR Dovetail™ series is optimized for shooting sports, it is compatible with both 11mm and Kelbly dovetail rails. The rings are compatible with PSR™ ScopeLink™ caps in order to allow further platform enhancements.

- Lightweight and durable scope rings
- · Compatible with 11mm and Kelbly dovetail rails
- Manufactured from 7075-T651 aluminium
- Stainless steel clamping screws
- · Finished with Type 3 Hardcoat anodizing

012 RECOMMENDED SUITABLE

## TOOLS

#### SLOKY 5in1 TORQUE ADAPTER KIT / 2-6Nm

Modular torque screwdriver equipped with TORX bits, recommended for the assembly of AUDERE products and for whichever application requires a 2-6Nm torque. The set comes with a universal and ergonomic handle, a torque adapter and 3 high-quality bits [TX15, TX20, TX25].

Code ATOOO2

#### SLOKY TORQUE ADAPTER / 8Nm

8Nm torque adapter to be used with the SLOKY 5in1 Torque Adapter Kit, recommended for the assembly of AUDERE products and for whichever application requires a 8Nm torque.

Code 8.0-TPK-ETA

#### SLOKY 5in1 BUNDLE / 2-6Nm + 8Nm

Modular torque screwdriver bundle equipped with TORX bits, recommended for the assembly of AUDERE products and for whichever application requires a 2-6Nm and 8Nm torque. The set comes with a universal and ergonomic handle, two torque adapters and 3 high-quality bits [TX15, TX20, TX25].

Code ATOOO3
